EXPERIENCE

Self-Directed Learning

[freeCodeCamp.org](https://www.freecodecamp.org)

📅 07/2023 - 12/2023 📍 Khulna, Bangladesh

freeCodeCamp is a free online platform offering coding courses and projects to help learners build web development and programming skills.

- Completed Responsive Web Design and Front-End Development Libraries courses, gaining hands-on experience with HTML, CSS, Bootstrap5, JavaScript, and React.

PROJECTS

Ecommerce Web App – SBC Express

📅 04/2025 - 05/2025

Tech Stack: React.js, HTML, CSS, Bootstrap, JavaScript.

- Designed an intuitive and clean eCommerce UI for a seamless shopping experience.
- Implemented product listing, dynamic navigation, and interactive cart functionality.
- Built with a fully responsive layout for optimal display on all devices.
- Integrated dark mode toggle (currently under development).
- GitHub: <https://github.com/Sajib-Bhattacharjee/react-ecommerce-frontend>
- Live Demo: <https://sbcexpress.netlify.app/>

Blog Platform – SBC’s Blog

📅 03/2025 - 03/2025

Tech Stack: React 18, TypeScript, Bootstrap 5, React Router v6, CSS

- Designed and developed a modern blog platform with a clean, responsive UI using React and TypeScript.
- Implemented homepage with blog previews, category/tag filtering, and search functionality.
- Created individual post pages with full content display and related blog suggestions.
- GitHub: <https://github.com/Sajib-Bhattacharjee/blog-website-2025>
- Live Demo: <https://sbcblog.netlify.app/>

Sentence Construction Tool

📅 04/2025 - 04/2025

Tech Stack: React 18, TypeScript, Tailwind CSS, Vite, JSON Server.

- Built a drag-and-drop quiz to improve sentence construction.
- Added real-time feedback, timers, and score tracking
- Included dark mode, sounds, and confetti animations.
- Ensured full responsiveness and accessibility.
- GitHub: <https://github.com/Sajib-Bhattacharjee/sentence-construction>
- Live Demo: <https://sentenceconstructionbysbc.netlify.app/>

E-Learning Platform

📅 02/2024 - 02/2024

Tech Stack: HTML, CSS, Bootstrap 5, JavaScript.

- Implemented course listing for intuitive navigation.
- Designed a fully responsive layout, providing an optimal experience across devices.
- Focused on frontend development for future enhancements.
- GitHub: <https://github.com/Sajib-Bhattacharjee/e-learning-platform>
- LiveDemo: <https://developerzone2025.netlify.app/>

STRENGTHS

Front-End Development

Proficient in modern web technologies, creating responsive and user-friendly interfaces.

KEY ACHIEVEMENTS

Enhanced User Engagement

Improved UI/UX to boost user interaction and retention.

Expanded Product Inventory

Optimized structure for scalable product listings.

Increased Website Traffic

Implemented SEO-friendly coding practices and optimized performance, leading to higher visitor engagement.

Optimized Website Performance

Reduced load time and improved responsiveness using best coding practices.

EDUCATION

B.Sc. in Computer Science & Engineering

[North Western University](#)

📅 01/2020 - 07/2024 📍 Khulna, Bangladesh

CERTIFICATION

Responsive Web Design

Certification in Responsive Web Design from FreeCodeCamp.

Front End Development Libraries

Certification in Front End Development Libraries from FreeCodeCamp.

Web Development

Certified in Web Development by Sololearn.

JavaScript

Certified in JavaScript (Intermediate) by Sololearn.

Master HTML and CSS by building real world projects

Earned a Udemy certificate by mastering HTML & CSS through real-world projects.

Master Git and GitHub - Beginner to Expert

Earned a Udemy certificate by mastering Git and GitHub from beginner to expert.

VSCode shortcuts & extensions for Web developer

Earned a Udemy certificate on VSCode shortcuts & extensions for web development.
